Building advice made simple
WWW.BUILD.COM.AU

SELECTION
- ☐ **Choose** suitable types: Hinged, sliding, cavity, bifold, pivot, etc.
- ☐ Select appropriate materials for each room: Solid timber, MDF, aluminium, etc.
- ☐ Consider thermal and acoustic properties

COMPLIANCE
- ☐ Confirm door sizes meet accessibility and egress requirements
- ☐ **Use fire-rated doors where required:** For example, garage-to-house doors

INSTALLATION
- ☐ Ensure frame is level, plumb and square
- ☐ Install appropriate door hardware and seals
- ☐ Fit weather seals on external doors

FINISHING
- ☐ Paint, seal or stain doors for moisture protection
- ☐ Test hinges, locks and closures for smooth operation
