

SHOWER CHECKLIST

DESIGN

- ☐ **Choose type:** Framed, semi-frameless or frameless screen
- ☐ Determine if recess, alcove, corner or walk-in design suits the space
- ☐ **Choose between showerhead types:** Rail, fixed, rain, hand-held

WATERPROOFING

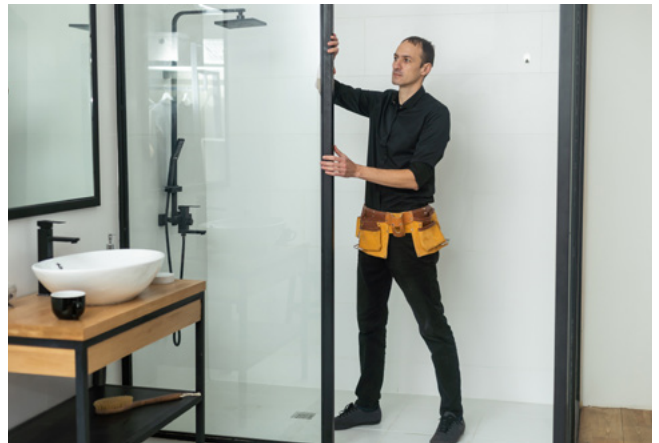

- ☐ Apply waterproofing membrane as per AS 3740
- ☐ Ensure membrane extends beyond the shower zone
- ☐ Install a puddle flange around the floor waste

INSTALLATION

- ☐ **Ensure shower base falls to waste:** Minimum 1:80 fall
- ☐ Fit screen or enclosure with water stops and seals
- ☐ Pressure-test plumbing before enclosure is sealed

FINISHING

- ☐ Seal all joints with mould-resistant silicone
- ☐ Fit taps and showerheads according to AS/NZS 3500
- ☐ Check water temperature with tempering valve
